Image - H.I.D. Headlamp Kit

Regular bulb

TRD Turn Signal Light Bulb

Image

Newly-developed H.I.D. Headlamp Kit for Prius reduces power consumption up to 35%*. Small, light weight and durable ballast is assembled with bulb and harness for easier installation, and no additional work on harness is required.

Please note that bumper removal is required for installation.

* Compare to regular Halogen headlamp

High-quality Turn Signal Light Bulb complied with ECE regulations is colored in White and flashing in Yellow. It improves visibility in daytime and nighttime.

H.I.D. Headlamp Kit will be available at the end of Aug 2009.
