

New Product Information

TRD Push Start Switch for Hybrid

TRD Push Start Switch is the replacement for original switch unit assembly.

TRD Logo is printed on red button, and light will be on during engines and electric motors are running.

POWER ON / OFF button is specially designed for Toyota Hybrid Models, PRIUS, CROWN HYBRID, and ESTIMA HYBRID.

TRD Push Start Switch for Hybrid models will be available at the end of Aug 2009.
